Re: Patent No. 7,011,428

Application No.: 10/625,297

Issue Date: March 14, 2006

Inventor: Mitchell Cecil Hand

Certificate  
MAY 03 2006  
of Correction

REQUEST FOR CERTIFICATE OF CORRECTION

Honorable Commissioner for Patents

Alexandria, Virginia 22313

Request is hereby made for correction of a Patent Office printing error in U.S. Patent 7,011,428. The error occurs in the patent in Claim 1, Column 6, line 64, wherein "for" should be -- forming --.

A copy of page 2 of the Amendment mailed October 5, 2005 amending claim 1 is enclosed. You will note that the word "forming" correctly appears.

A completed "Certificate of Correction" is enclosed.

2010 West 7<sup>th</sup> Street  
Coffeyville, Kansas 67337

Respectfully submitted,

  
Kenneth E. Darnell  
Reg. No. 26541  
620 251 1947

Certificate of Mailing: I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage for first class mail in an envelope addressed to Commissioner for Patents, PO Box 1450, Alexandria, Virginia 22313, this 25th day of April, 2006.

Date 4-25-06

  
Kenneth E. Darnell, Reg. No. 26541

MAY 4 2006

## Amendments to Claims

1. (Currently Amended) A method for fabrication of a luminaire, comprising the steps of:

~~selecting a pattern evocative of an association on the part of an intended user of the luminaire with a person, place or thing; and,~~

forming a diamond tread plate the pattern on at least certain surfaces of the luminaire, said pattern being impervious to light and visible to the user on use of the luminaire in a normally intended manner, the pattern being evocative of an association on the part of an intended user of the luminaire with a motor sport activity.

2. **Canceled**

3. (original) The method of claim 1 wherein the luminaire is a shoplight.

4. **Canceled**

5. (Currently Amended) The method of claim 4 3 wherein the shoplight comprises a housing portion and at least one reflector portion.

6. (original) The method of claim 5 wherein the housing portion and the reflector portion are integrally formed.

7. (original) The method of claim 6 wherein the material comprising the housing portion also comprises the reflector portion.

8. **Canceled**

9. (Currently Amended) A luminaire comprising:

surfaces visible to a user on ordinary operation of the luminaire; and,

a diamond tread plate pattern formed on at least portions of the surfaces of the luminaire, the surfaces having the pattern formed thereon being impervious to light, the
